

MENZIES COLLEGE

we pride ourselves on being a community school big enough to match the best - small enough to care

1 August 2014

From the Principal's Desk

Kia Ora

A big thanks to everyone who contributed to last Friday's school ball. It's great to see our senior students dressed so immaculately and enjoying themselves on the dance floor. I wouldn't have thought you could do the Gypsy Tap to Metallica but the music and all the dance lessons in advance made for a great night. Well done to the students and staff who supported the theme of Country Vintage - a great choice. The hall looked awesome as did the entrance with the vintage tractor and truck. Ball photos can be viewed and printed from www.geoffhorrell.co.nz

Today we shared the company of students from the Burnham Grammar School in the United Kingdom, who have 35 Under 16 students here for netball and rugby. At the time of writing this, I don't know the results but it's a pleasure to have them include our school on their New Zealand tour and I trust we will host them well. This is a wonderful opportunity for our visiting students and I am confident it will give them a thirst for travel. For our students, it's important that we meet and mingle with others from abroad and also gain much from this experience.

Our 'Positive Behaviour for Learning' programme is showing a continual pattern of improvement and Term Two data shows that the number of students sent from class (25) was 50% lower than for the same time last year and about half the number for Term One. Another very pleasing statistic is the term's attendance data. For the first time in my memory, we had an attendance rate above 90% in Term Two. 49 Students (17%) achieved 100% attendance and another 152 students were above the 90% mark.

On 14 August we will be holding our school open night for prospective 2015 students. This night involves many students as either a guide or helper. As we prepare for this evening, your honest words on how you have experienced Menzies College and the benefits of retaining our young people in a local school go a long way towards promoting us and creating a stable environment for our school students, staff and community. Students involved will bring home information closer to the time.

Recently we sent out surveys to last year's school leavers. Very few of these have been returned and I ask families that still have these at home, if they could have them completed and mailed back to the school so significant information can be drawn from the collected comments.

Open Night

14 August from 3.30pm to 7.00pm.

Gateway

Jamie-Lee Bryce is currently on placement with The Warehouse Red Shirts in Schools programme. ServiceIQ and The Warehouse have partnered to offer students a glimpse of what it is like to work in retail. The Warehouse Red Shirts in Schools is a Gateway programme based on the Customer Service Award. The programme provides students with a 12 day in store experience at The Warehouse. Credits gained by students participating in the programme can be used towards the National Certificate in Retail (Level 2). The students are supported by a co-ordinator who works with store management to ensure they get a good understanding of the rewards and challenges of a retail career. Co-ordinators set clear development plans, provide inductions for students, assess students' work and keep in touch with schools in their region.

Jamie-Lee is enjoying her placement and is gaining plenty of valuable experience in the retail sector. Jamie-Lee and the Menzies College Gateway Team are very grateful for the experience that The Warehouse (Gore) and ServiceIQ are providing.

Mathematics Department

Last week's puzzle seems to have frustrated a few people. It is a great puzzle for teaching students to look at the information they have and to think like a detective to figure out how to solve the problem.

Here is how you can come to the solution:

Clue 1: (the three ages multiply to 36)

These are the possibilities:

1,1,36
1,2,18
1,3,12
1,4,9
1,6,6
2,2,9
2,3,6
3,3,4

Clue 2: (they add to the number on the house next door)

$1+1+36=38$
 $1+2+18=21$
 $1+3+12=16$
 $1+4+9=14$
 $1+6+6=13$
 $2+2+9=13$
 $2+3+6=11$
 $3+3+4=10$

At this stage, the fact that he still needs more information tells us that it must be one of the 2 possibilities which add to 13 (if it was one of the other possibilities, he would not need more information).

The oldest plays the piano, therefore she must have twins aged 2 and a daughter aged 9.

11-14 August 2014

Maths week is coming up in Week 4, which will be action-packed! House points are available and with such a tight competition these points could make the difference at the end of the year.

SMAC maths is also coming up at the end of the term so it's time to brush up on our problem solving skills and get ready to show the town teams that we can punch above our weight against the larger schools.

Supported Duke of Edinburgh Award

The students working towards their Supported Gold and Bronze Awards attended a residential camp in Dunedin before the holidays. James Golden, Hannah Schipper, Andrew McCullough and Tessa Docherty had to assist with cooking meals and preparing lunches for their daily expeditions in to the city. The students enjoyed a live show put on by St Hildas College, a bus tour of the city, a visit to the chocolate factory, as well as the Museum and the Dunedin Art Gallery. The students enjoyed swimming in the Moana wave pool and buying lunch at the Meridian Mall (using their Entertainment Book Vouchers).

The experience was valuable learning as the students had to learn to make their way around the large shopping malls and speak to people as they required directions. The students were a pleasure to take on the trip. They were very co-operative and enjoyed all the new experiences. They were very helpful to each other and also to the staff on the trip. Special thanks to Phillip Snedden and Mrs Robyn May. We are all looking forward to the Rail Trail at the end of the year.

Checking Progress Towards NCEA

All Year 11-13 students should have access to their NZQA learner logins. If you have not received your learner login card or you are having difficulty getting access, please see Mrs Luoni.

The learner login allows students to track their progress in numeracy and literacy. It also allows progress towards overall credits and endorsements to be tracked. The following site may be helpful for explaining what students see when they access their information.
<http://www.nzqa.govt.nz/qualifications-standards/qualifications/ncea/understanding-ncea/how-ncea-works/endorsements/online/monitor-your-own-progress/>

Careers

The careers room will be open at lunch times every Tuesday and Thursday if students wish to carry out career research or seek some guidance. Mr Clark will be available to assist. Please take advantage of this. Check out the school Careers Page at <https://www.facebook.com/menziescollegecareers> for updates on University Liaison visits, Scholarships, STAR Courses, Work Experience, Gateway and Hokonui Tertiary High School.

2015 MESNZ Engineering Scholarship

A MESNZ (Maintenance Engineering Society of New Zealand) Engineering Scholarship worth up to \$5,000 is being offered for the specific purpose of covering tuition fees in 2015. This scholarship is available to assist students commencing study towards an IPENZ accredited engineering degree, diploma or certificate from any year level through a New Zealand University, Polytechnic or Industry Training Organisation. Applications close on 30 August 2014. Further details are available on the MESNZ website <http://www.mesnz.org.nz/scholarship/>

St Peter's College/Gore High School Combined Careers Evening

This is for students in Years 10 to 13 and their parents/caregivers. You will be able to talk to people from the following organisations: employers, industry training organisations, universities and polytechnics and also look at the various displays. This is a great opportunity for students and parents/caregivers to research and compare possible career options. There will be two and a half hours to informally discuss qualifications, skills and training required to achieve student's aspirations all under the one roof. This is being held on Thursday 7 August from 5.30—8.00 pm at The Gore Town & Country Club Stadium in Bury Street. Any queries, please phone Robyn Young at St Peter's College phone (03) 2089060 ext 713 or email robynyoung@stpetersgore.school.nz

New Zealand Defence Force

Lloyd from the New Zealand Defence Force (NZDF) will be back on Friday 8 August as a lot of our senior students were away when he was here last time. He will be in the library at 9am. Parents/caregivers are most welcome to attend.

CareerFest

On Thursday 31 July, 41 Year 11, 12 and 13 students along with Mrs Williams, Mr Clark, Miss Hall and Kelly Irwin (parent) went to the CareerFest in Invercargill at Stadium Southland. Students found the experience interesting and beneficial at all year levels. They were able to talk to people in the areas they may be interested in studying and obtained ideas of what subjects to take in the future. Some highlights of the trip were; Otago Polytechnic - Nursing course, NZ Defence Force, Lincoln University – Bachelor in Agriculture, Otago University – Medicine, Tai Poutini Polytech – having a go on the digger simulator and the Pacific International Hotel Management School.

Incubator

A Reminder: The third and final Incubator trip is next Thursday 7 August.

Southland Hospital - Work Experience

In the holidays I had a placement at the Southland Hospital in the fracture clinic. I shadowed Adrienne Pope for the day and got to observe x-rays of many different fractures and watched casts being removed and replaced and, I even got my own!

In the afternoon I attended the wound clinic and it was really interesting to see some infected injuries. I learnt a lot throughout the day and I would recommend the experience to anyone who was thinking of a career in the health industry.

A very big thank you to everyone who supported the Ball Gown parade. Special thanks to Pioneer Tavern and to Phillip Snedden and Sue Dynes for all their assistance.

The next meeting will be on Tuesday 12 August at 6pm. We will be discussing the fundraising meal we are providing at the upcoming school production. Please come along with your ideas. Apologies to Lois Heads on (03) 2066057.

Super Seniors

Perseverance - It's such a small word. But nevertheless a hugely important one, especially for our senior students. It's at this time of the year when things appear really hard and success seems almost unachievable. The days are short, the weather cold and for our seniors, it seems like we're all (their teachers) expecting the earth! But it's at this time of the year where huge changes can be made. With consistent attendance and some extra diligence our seniors can place themselves in a position to achieve academic success.

For some, academic success will mean gaining the minimum number of credits required at their particular level of NCEA. For others, it will mean putting themselves into a position where they can focus on Subject and Level Endorsements. As teachers, we find equal degrees of satisfaction seeing students achieve these different levels of success.

But, the journey starts now and it takes commitment and perseverance. As the old adage goes, 'Rome wasn't built in a day' and successful people often (if not always) have to put in the background work first before reaping success later.

As always, we must congratulate a whole range of students across an even wider range of activities. It's wonderful to reflect on the variety of interests and activities our students are involved in!

Well done to the Ball Committee who were ably assisted by Mrs Williams, Mrs Cade and Mr Snedden. The hall looked fantastic, the students looked even better and the whole evening was a huge success.

Our very own Jeffrey Robinson and Justin Boyd were placed first in the junior equivalent of the Young Farmer of the Year Competition. I particularly admired the quiet, 'no fuss' way these young men applied and organised themselves prior to the competition.

Abigail Visser is about to start a mammoth undertaking – playing Tzeitel in Fiddler on the Roof which is being held in Gore from 1-9 August.

A huge well done and good luck to Vinnie Rayner whose skills at bowls continue to amaze us. He's through to the nationals!

Tia Tuhakaraina is our 2014 Youthmark recipient. If ever a student exemplified the 'Menzie's Way', it must surely be Tia. She will receive her award in November during an evening which celebrates successful young people within Southland.

We would also like to wish the Wyndham Senior Rugby team success this weekend as they play Bluff in the final of their competition. Many of our 'old boys' (Cameron Diack, Josh Smith etc) now play in this team.

We encourage all of our 'Super Seniors' to show commitment and perseverance as they move forward. Whilst the year is rapidly running away on us, there's still time for improvements to be made and obstacles overcome!

If you have any questions or concerns about students in Year 11-13, please don't hesitate to contact us at school.

Skiing

The second ski trip is taking place on Sunday 10 August at Coronet Peak. We have a total of four trips planned but trips will run on an 'on demand' basis. Each trip costs \$110. We are able to offer these trips at such a cheap price because of the good deal nzski.com offer our school. This price includes return transport from school, ski/snowboard rentals, lift pass and a lesson. If you pay normal rates, \$110 would not be quite enough to rent gear and buy a lift pass!

Permission slips for the next trip on 10 August and payment, should have been handed in to the office by now. If you have any questions about these trips, please contact either Brendon Wallace or Alice Cade at school. We are keen to have as many people experience this sport as possible, so we are keen to help. We understand that while this deal is cheap, skiing is an expensive activity. We have an opportunity to help students fundraise towards the cost of their trip and any interested students and/or caregivers can contact us for more information about this.
