*we pride ourselves on being a community school big enough to match the best - small enough to care*

**10 March 2017**

## From the Principal's Desk

### Kia Ora

Many thanks to the families and students that attended Wednesday's 'whanau conferencing', we were very pleased with the turnout. This was an attempt to move our reporting system into a two way system with the student's learning, rather than the subject, at the heart of the conversation.

We have not previously held formal interviews on this scale in term one and the general feedback has been very positive. We are aware that we can fine-tune things further and that some information around specific subjects may still be required by parents/caregivers. Like other years, we will still have our formal reporting at the end of Term 2 that indicates academic progress in subjects. Our focus has shifted to the competencies of 'Relating to Others and Managing Self' with the whanau teachers taking a lead role in knowing how students are coping with this and the impact they have on their learning. Subject teachers and students also communicate continuously through their learning logs and the more honest a student can be in this process the greater the support that can be applied. We also encourage more conversations at home between students and their parents/caregivers and if issues want to be discussed please contact the whanau teacher or dean.

On Monday evening our Year 13 students will have a pizza supper at 6.00pm before a presentation from the Sexwise theatre group who come annually to the school. Any parent/caregiver is welcome to attend this in the library and it provides a pretty good coverage of those 'gnarly' issues that need to be discussed. On Tuesday or Wednesday our Year 9 to 12 students will have a presentation followed by a workshop with this group.

We also have Mike King speaking to the Year 11 and 13 students, 'Its cool to Koreo', on Tuesday afternoon at 2.15pm and this is also open to any parents/caregivers interested in hearing Mike.

Today we had 51 Year 9 to 13 students compete in the Southland Secondary School Athletics Championships at Surrey Park. At the time of writing we don't know any results but this number continues to show the impact sport has at our school. During the week participation data was released showing secondary school student engagement in sport. The table below shows Menzie's College compared to the National and Southland average. We more than do our bit.

	<b>Total</b>	<b>Male</b>	<b>Female</b>
Menzie's	87%	89%	84%
National	54%	57%	51%
Southland	59%	62%	58%

### Teacher Only Day

The school will be closed on Monday 27 March for a Teacher Only Day. The St Edmunds rugby team from Queensland are visiting and will have a game of rugby against the U15 Menzie's team at 3.45pm that day. Your support would be greatly appreciated.

## PB4L

This week's draw was the seniors and congratulations go to Kobie Todd, William Dickey, George Shead and Mrs Luoni for winning the achievement draw. ## Paddles Up

All the best to the Paddles Up team who head to Lake Mavora to compete in this competition over the weekend. We look forward to hearing about their success when they return.

## Sexwise Performance at Menzies

We are extremely excited to once again host the acclaimed THETA – Sexwise Performance. This riveting and thought challenging performance and associated workshop will be made available to parents/caregivers and students of Year 12 and 13 to view on Monday 13 March at Menzies College at 6.30pm in the Library. Students in Year 9 and above will view this performance on Tuesday and Wednesday. We encourage all parents/caregivers to be involved with the sexuality education of their children. There is no other education tool at present that will provide you with an excellent starting point for your discussions with your sons/daughters that this programme will offer.

The Theatre in Health Education Trust (THETA) is a Dunedin based organisation that works nationally. They specialise in delivering applied theatre-based programmes on health related issues. 'Applied Theatre' is an umbrella term to describe theatre where the purpose is not simply performance, but engagement of the audience. If you have any further questions please do not hesitate to ring me at school on (03) 206 4979 or to research this exciting opportunity further, go to [www.theta.org.nz](http://www.theta.org.nz)

## Mike King Presentation - 'It is cool to Korero'

## Careers Department

### Defence Careers Experience (DCE)

This year Southern Recruiting will be offering a Defence Careers Experience specifically for young women interested in a career in the New Zealand Defence Force. Details for this event are yet to be confirmed, however it is likely to occur mid-year and be conducted at Woodbourne Air Force Base in Blenheim. The DCE will be a great opportunity to gain an insight into life within the services, gain valuable teamwork and leadership skills, learn about career opportunities, and interact with other women currently serving in the Defence Force.

We are also intending to conduct a second DCE later in the year which will be offered to Year 11-13 students. This will most likely occur in September and be conducted at Burnham Military Camp in Christchurch. Further details and information regarding the application process for both DCE's will be released once we have confirmed these events. Those students who may be interested in attending a DCE should 'like' our Christchurch Defence Careers Facebook page in order to receive updates, information and the link to the online application form. If you would like further information about these two opportunities please see Mr Clark in the careers office.

### STAR Courses

In conjunction with the Government, secondary schools, polytechnics and other training providers are helping young people identify their vocational pathway by offering STAR courses which allow students to study programmes not available through their secondary school. This offers an opportunity for students to have a clear pathway into tertiary programmes or to achieve vocational credits alongside their school qualifications.

#### What is STAR?

A Secondary Tertiary Alignment Resource (STAR) course introduces secondary school students to training for a specific career or study at tertiary level. STAR courses are short and are only available through polytechnics and private training organisations. Students participate in short-term programmes or 'taster courses' for a few days at a time, or one day per week for several weeks.

#### The following STAR courses are available at the Southern Institute of Technology (SIT)

Fashion Level 3 starting 5th May and 28th July  
Film Making Level 3 and 2 starting 27th March and 24th July  
Carpentry level 2 starting March and July (dates to be confirmed)

## English Department

***'You are never too old to set another goal or to dream a new dream' – C S Lewis***

Programmes of learning are now well underway in the English Department. Learning Logs are being completed and goals have been set.

It's wonderful to see the engagement and enjoyment both the students and teachers are experiencing in each classroom. This year, the Year 9 and 10 classes are working thematically. The Year 9 classes have started looking at 'Facing Challenges' (9LM) and 'Deception' (9SK), whilst 10AP will use the theme of 'Home' to underpin their studies and 10MK are using 'Family' as their chosen theme. Pictured below are members of 9SK who have been enthralled by the deception and deceit present in Shakespeare's Romeo and Juliet. It would seem that we have some budding actors in our midst!

Each student in Year 9 and 10 have also been asked to purchase an Action English homework book which costs \$15. These will be used each week and tasks will be set which will either consolidate classroom learning or revise key skills at each curriculum level. There are a variety of homework books available, each revising key components of the New Zealand Curriculum. Classroom teachers have chosen a homework book which will reflect the skills/ability of each student in their classes. Therefore, it is entirely likely that there will be a variety of homework books being used. We are suggesting that the cost of this homework book be added to school accounts and each student has been given a permission letter for this. Please return permission slips to school by Wednesday 16 March.

Often as English teachers we are asked: What is effective writing?

That's a really difficult question to answer; here are some ideas on this topic.

- Effective writing achieves the writer's goal. Goals are sometimes set by the student sometimes by the teacher/employer. It's important that we understand our 'end goal' before we begin writing.
- Effective writing is appropriate for the intended audience and context. For example, a persuasive text written for a newsletter such as this will likely look different to one produced for an online forum/blog. It's important that students understand the audience for their writing and write accordingly. This could mean that their writing might have a more casual tone and use words we wouldn't necessarily associate with 'English' assessment. However, it could still be suitable to the task.
- Effective writing presents ideas which clearly communicate the writer's intended meaning. In order to communicate clearly with our audience, planning is essential. We need to think about the order in which we express our ideas and the manner in which we present them. Students in Year 9 and 10 will use the acronym TEXA to organise their writing. In the Senior classes, this will extend to TEXAS. This will give students a scaffold to follow when organising their ideas. And perhaps most importantly,
- Effective writing elicits the intended response from the reader. For example, a persuasive text compels the reader to take action or change their thinking.

If you have any questions regarding your son/daughter's progress in English, please do not hesitate to contact me via email: [lucy.mckelvie@menzies.school.nz](mailto:lucy.mckelvie@menzies.school.nz)

This will be taking place in the Menzies College Hall on Friday 24 March at 2pm. Students and the community are welcome to come to this event and support Michael. There will also be a school social on Thursday 16 March and an orange mufti day on Friday 24 March with a gold coin donation to help Michael on his endeavor to support 'Shave for a Cure'.

### Year 11 Economics

Last Thursday the Year 11 Economics class visited an organic cheese and yogurt factory called Retro Organics, in order to complete our standard (AS90988). The manager Lois Greer gave us an explanation about what Retro Organics is and then our class had the opportunity to ask them economic questions concerning how Retro Organics is interdependent with other firms in the NZ economy. We found that the business is part of all three primary, secondary and tertiary sectors as they produce, manufacture and sell their goods all from the same property. Now that our class has ascertained the information we can finish our internal. It was very interesting. Did you know that Retro Organics exports to Singapore? Special thanks to Lois Greer, Mr Joyce and parents/caregivers for their involvement.

### Year 10 Business Studies

Dear Mr Murray Heath

Last Wednesday you were kind enough to come and talk to the Year 10 Business Studies class about managing our money. We all learnt valuable life lessons that we will be able to use in the future. We all thoroughly enjoyed your presentation and would like to thank you for taking time out of your day to come and visit our class.

Yours sincerely

The Year 10 Business Studies class

### Southland Athletics

The Southland Athletics is being held today, Friday 10 March. Good luck to the 51 Menzies athletes competing at the competition. We look forward to hearing the results. Our team is the biggest we have had in a long time and we have 16 athletes more than last year. We took 22 students to the Southland/Otago Championships in Dunedin last year. This year the Southland/Otagos are in Invercargill on 24 and 25 March and the top six athletes from each event will qualify to attend. Following on from these is the South Island Championships which are being held in Dunedin on 1 and 2 April and the six top qualifiers from the Southland Otago athletic championships will go to these. Last year we took a team of eight to Timaru so we are looking to improve on that. The Southland Primary championships are being held at Surrey Park, Invercargill on Saturday 8 April. More information will follow closer to the time.
